Y'all –

I created a folder on the 6SF/Share drive for us and saved this file there. Check it out at
[H://6SF/SHARE/San Jacinto/Communications Tiger Team](#)

Subject: RE: Site timelines?

FYI - here is the current San Jacinto schedule – we have a Proposed Plan public meeting this summer; we can discuss any other communication opportunities next week.

Regards,

Gary Miller

Subject: Site timelines?

Y'all –

If you recall, at our initial tiger teams meetings, y'all agreed to make timelines of your sites of upcoming communication opportunities (e.g., ROD coming out or public meeting or other major announcement or occurrence).

Now might be an excellent time to have that reference to share with other team members. Is there any chance you might have such to share with the teams before our meetings next week?
